POOR ORIGINAL

We commented last week that Joe McCorquodale was off to a cil with the policemen prompted a number of questions concernunning start in his unannounced race for the governor's office in 1778. His bill to cut sales tax on groceries and medicine was quickly grabbed by some other political hopefuls but criticized by school folks. As it is turning out, the bill may get some additional support as a backdoor slap at AEA's Paul lubbard, who has been accused of being "too big for his

The bill to allow citizens of Coffee County to vote on building one new courthouse in New Brockton passed the House of Repre sentative on Tuesday of this week, the vote was 81-0 in favor This means that since it was a local bill, the local Represent ative's ideas were honored. The same will hold true in the Senate. I feel that the best way to settle this idea of building a courthouse in New Brockton is to let the people vote ... win. loose or draw . . . it should allow us to settle the issue or at least move on to other suggestions. Our entire system is based on majority rule and if we can't depend on the opinion of the majority, then our entire system is lost.

Ve ole editor was called to judge the homecoming parade at Kinston last Friday. This caused me to have a special interest n the weather reports. The outlook was for clear skies but Friday morning it was still raining. The weatherman was right and the sun did shine Friday afternoon, but also the cold wind did blow. However, it is great to see a community the size of Kinston support such a large parade of floats. After asking a few questions, I found that area businesses had paid the bill n the floats so the school students could have a memorable homecoming. That is great!!

The complaints about the high cost of gas, oil and electricity are commonplace in America today - but you ain't heard nothing yet! Judging by everything I can read on the matter. il and gas prices will be allowed (or forced) to increase This will increase the demand for coal and thus increase the ost of this fuel. All of this will increase the need for electri city and will also increase the cost of producing the juice. Abe-Lincoln may have some modern day followers who will learn to read by the light of the fire in the fireplace because they can't afford to turn on the electric light

THE PRESSBOX

By, Ricky Mularz

The prep basketball season only has two weeks left, and that means "Tournament Time" can't be far away!

With the high school basketball season quickly drawing to a close, only a few teams have established themselves as "teams In Class A the local area has four teams who could make legitimate run at the state title. The teams are Red Level 16-4), New Brockton (12-6), Clio (17-1), and Rebecca Comer

Red Level made it to the State tourney last year, and have three starters back. The Tigers haven't been as dominating this year as expected, but should breeze into the Region finals. Most people feel New Brockton will battle Red Level for a trip to Tuscaloosa. The two teams are in the same region this year, and both coaches are waiting for the battle. The Gamecocks have three starters back from last year's squad that lost to Rebecca Comer in the Region finals, but like Red Level, has had less than a spectacular year. Coach Andy Harris points out that his team's 6 losses have come to schools out of Class and that could be a fact many people have overlooked! Up a little bit north are the Clio Yellowjackets. Clio has

hit over 100 points four times this year, and has a true offensive machine. The Jackets could be a title contender, if they get In the same area with Clio are the powerful Rebecca Comer King Kongs. The Kongs have been in the Region finals for four straight years, and lost only two players from last year's squad that finished second in the state. The Kongs-

Clio winner should make big noise in Tuscaloosa! In Class 2A everyone is waiting for the Headland-Georgiana Headland (16-2) had a super team last year, but failed to make the state tourney. This year the Rams weren't expected to make a run at the title, but Coach Steve Williams has his

Georgiana is expected to replace Florala as area champs, and the Panthers are tough! Leo Campbell, a 6-3 guard who signed a football scholarship with Auburn, is scoring over 20 points a game and is the Panthers' leader on the court. The Ram-Panther match-up should be a dilly!

club playing good ball, and '77 could be the year of the Ram.

Over in Class 3A, Eufaula and Troy are favored to battle it off for a state tourney berth. Eufaula (19-1) has won a lot of games, but haven't impressed a lot of people! The Tigers of Coach Butch Stafford could very well win the state title, but, first they've got to get to Tuscaloosa.

Troy (14-5) has dropped down into the same area with Andalusia, and has replaced the Bulldogs as area favorite. The Trojans aren't big, but they boast speed, depth and muscle. I'm picking the Trojans to battle Eufaula for the Region title!

In Class 4A most people pick Selma to dump Dothan and Well, I don't know anything at all about Selma, but I have seen Dothan, and they are good! and Carl Mitchell (6'7"), but are probably a year away from winning a state title. Look for the Birmingham schools to dominate 4A action.

TIGERS' RECORD DOWN TO 6-11 The Elba Tigers have been scoring a lot of points, but haven't been winning. Last week Elba scored 146 points in only two games, but gave up a whopping 164. Elba has 6 games left be-fore the tourney, and it looks like there "ain't no way" the Tigers will have a winning chart.

Terry Barnes continued to scorch the nets last week by scoring 33 points against Eufaula and 20 against Red Level. In the past five games, Terry has scored 26, 25, 20, 33 and 20 points. If Terry can keep it up, he might have a chance at a Jr. College scholarship.

Basketball Spotlight

This week's basketball spot light features Rayvon Boyd. He is the sixteen-year old son of Mr. and Mrs. Lonnie Boye of Roeton. Alabama. Rav-von, a junior guard, had been a starter ever since his sophomore year here at Z.C. As a freshman at New Hop Junior High, he set a State record for scoring 72 points in one game. When asked how he felt about the Rebel basketball team he said that it was okay, but he feels that next year will be much better. His future plans are to attend college to study psychology.
